See notes page 2

This worksheet is a recommended schedule to complete your bachelor’s degree in 4 years. Every UNC student must meet the following requirements in order to graduate with a bachelor’s degree: earn a minimum of 120 semester credit hours; possess a minimum of a 2.8

cumulative grade point average; have at least 40 credit hours in courses designated as Liberal Arts Core; meet all degree requirements in the student's major field of study. Each major and/or emphasis may have

additional requirements necessary for graduation. **Students must consult with their major advisor to receive information on any additional graduation requirements.**

Notes

1. After successful acceptance of entry application, new Art & Design students must complete the Freshman Foundation requirements before they can begin their advance art studies. The Freshman Foundation Courses include Art 181, 182, 183, 184 and 234 which must be completed with a 3.0 GPA. Students also must successfully complete the Foundation Portfolio.
2. To graduate with a B.A. in Art & Design, all students must earn a 3.0 cumulative GOA or higher in all courses in the major, and a 2.8 GPA or higher for overall university coursework.
3. A Specialization Portfolio is required to continue in Photo Imaging Concentration at the completion of Art 274. An Exit level Senior Portfolio assessment is required prior to graduation. The portfolio consists of work from the student's concentration area.
4. Three hours of internship (Art 492) is required. Student must have a minimum GPA of 3.0 in Art and a 2.8 GPA for overall University coursework to apply for a Visual Communication Design internship.

The visual communication design emphasis offers programs of study designed to allow students to become effective conceptual thinkers and creative problem solvers as they expand their visual/technical communication skills. Course experiences are designed to allow students to investigate the complexities of commercial fields of art, such as computer graphics, graphic design, illustration, advertising, photography, publications, and other areas of visual communications. Two concentration areas are available: Graphic Design and Photographic Imaging.

Courses in photographic imaging have been designed to increase an understanding of the most universal language in the world today - that of photographic images. Courses are designed to provide experiences in the fundamentals of photographic imaging, which will lead to the achievement of objectives. Traditional photographic techniques, as well as experimental, non-traditional, and digital imaging techniques, are included in the curriculum.
