

# Supplemental Theatre Education Application Questions

Be prepared to submit a 250 - 500 word answer to each of these questions on the application for the Theatre Education program.

---

1. Why do you think theatre education is important for children and teenagers? Discuss how you think it can be an effective method to help build both individuals and a community.

2. What makes for a quality learning environment for young people? Discuss your ideal environment and use specific examples from your past to support your argument.

- What kind of teacher would you like to be?
- Why teaching? Why now?
- What are some obstacles you think teachers face and how do you plan on facing these obstacles?

3. Discuss your journey in education.

- What are some academic challenges or successes from your past?
- How did you overcome an obstacle?
- How did you succeed?
- How do you think these experiences will help you in college?
- How do you plan on being successful academically in college?
- How do you keep yourself organized and on task?
